X

WHAT IS THE LION DIGITAL ALLIANCE TOKEN?

Lion Digital Alliance is a TRC-20 Token operating on the Tron Blockchain.
This Powers the X platform .
Token Holders of $LDA can Utilize, Govern, and Own their fair share of the Network.
Lion Digital Alliance Tokens are minted into Circulation by interacting with The "JUNGLE" contract.
When a User Enters, Exits, or RE-Enters (Compounds), they Mint $LDA into existence.
The amount of $TRX a user interacts with such as : Entries, Compounds, or Exits Determines how many $LDA you Mine.
Mining Difficulty starts at 1 TRX and increases for every 1.5 Million LDA Mined

What's the Use Case of LDA?
(UGO) in Lion Terms
Utilities- Access Interactions with Native Networks and Decentralized Applications within the Ecosystem in near future .Such as but not limited to ... Exchange, Staking, Transacting, DeFi Tools/Resources, Free markets of NFT's (TRC-721), Launchpad/ Incubation Sector.

Governance - Decentralized Governance, Token Holders Gain access to Voting Power for proposals integrated within Economic Governance Voting Systems. Any Changes in the Protocol would have to go through a Smart Contract process of Votings held amongst the Community.

Ownership-Being a Token holder gives you ownership of a Network Connecting Digital & Physical through Web3.0 Infrastructure.

Token Distribution

HOW WILL THE LION DIGITAL ALLIANCE TOKENS BE DISTRIBUTED IN A DECENTRALIZED MANNER?

$LDA Token Minting & Distribution.
In order to mine $LDA you must Interact with the "JUNGLE" Contract.
(**JUNGLE IS PEGGED 1:1 to TRX**).
There will be a **Entry Fee of 50%** and **Exit fee of 10%**. Which will be immediately allocated to the Dividend pool & is **Distributed every Second amongst (JUNGLE holders).**

2% of the Total Pool is Released everyday for the Life of the Contact to participants.

The ways to Mine Lion Digital Alliance Token is to interact with the JUNGLE contract via **Entering, Compounding & Exiting.**

The Total amount of TRX a user Enters, Exits, & Compounds will determine how many $LDA Tokens you Mine.

The Mining difficulty starts at (0.25) TRX before Raising every 1.5 Million $LDA tokens minted

You Must Have at least **100 (JUNGLE)** in order to claim Referral Rewards.

50% Entry Fee –(40% Dividend pool + 5% rewards + 2% referral + 3% Dev & Team
10% Exit Fee –(9% Dividend pool + 1% Dev)

**Max Supply** : 100 Million LDA

Staking Reward Pools

PLENTY OF REWARDS AND INCENTIVES AROUND THE PLATFORM.

Soon there will be Different pools of Rewards & Incentives throughout the Baseline Networks. Such as but not limited to, Rewards & Incentives for Utilizing $LDA throughout the platform. (Incentivized Spending) Liquidity Provider Staking. Social Reputation.

Our **First Staking Contract** will give you the opportunity to earn interest on your $LDA by Locking and Staking.
The more you have locked up in the Staking contact the more rewards you will receive.

There will be no Minimum Staking period. You will be free to unstake your LDA Tokens whenever you want.

However, there is **10% unstaking fee** charged in LDA. There is **5% Reinvest/ Compound Fee charged in $LDA Fees collected from unstake & Compounds are distributed as follow**s

(5% Compound Fee) in $LDA 4% Staking pool + 1% Team/Dev
(10% Unstaking Fee) 4% Distributed as instant Dividends + 5% Buyback/ LP + 1% Team/ Dev
